The Ten Tenors, meanwhile, who were in town recently supporting Telethon, wowing Perth's social elite at the Lexus Ball, have announced **a fourth show on Saturday, January 30, 2010**, Live at the Quarry.

Due to popular demand, the platinum-selling, Billboard-record-breaking road warriors are bringing their 'The Power Of Ten' shows to Perth's most intimate venue for a fourth night that is guaranteed to blow the roof off all expectations with the most explosive show in The Ten Tenors' history. This show will culturally enrich and uplift you. More importantly, you'll leave having rocked like you haven't rocked in years! Just try to resist driving home with your windows down, and your car-stereo blasting your choice of The Ten Tenors' version of Puccini's *Nessun Dorma*, Paul McCartney's *Live and Let Die*, Simon and Garfunkel's classic *The Boxer*, or any of the other incredible musical moments that fill this stunning show.

Finally, **The Church** has now completely **sold out both their Quarry dates** on December 17 and 18. It's a resounding show of support for their wonderful latest album *Untitled #23*, which received 5 stars in *Rolling Stone* earlier this year, as well as their incredible back catalogue, which fans can hope to hear on the night(s).

Live At The Quarry

If last year's sold out **Live At The Quarry** series introduced the picturesque Quarry Amphitheatre to a new audience, the upcoming 2009/2010 season is set to cement it as Perth's favourite intimate venue. Over the peak summer season at the Quarry Amphitheatre, **Live At The Quarry** brings together Australia's finest performers with fresh local talent to provide the audience with an intimate experience that is quintessentially Western Australian. Gourmet food, fine wine and even more tantalising refreshments are available to help event goers unwind on the terraced lawns prior to the performances and make the most of Perth's balmy summer evenings.
